The visualizations here provide information about how cities, counties, Opioid Abatement Councils, and Washington State have reported the allocation of opioid settlement funds. The data used to create these visualizations are based on self-reported data uploaded to this site or otherwise submitted to HCA. Spending categories are taken from the list of Approved Strategies in each opioid settlement agreement (commonly referred to as Exhibit E). **Legal and Technical Notes**

Opioid Settlement Learning Collaborative

- ▶ Provide setting for contact between the State, Tribes, and Local Governments on the use of opioid settlement funds; collaboration; and technical assistance
- ▶ Current work involves stakeholder engagement on the creation of an electronic tool to help us track these resources and how they are used.
- ▶ Phase 1 focuses only on opioid settlement funds
- ▶ Next Learning Collaborative is April 10 at 9am.
- ▶ Meetings are currently targeting OAC members, city/county fiscal staff, and program managers managing contracts funded by opioid settlements
