The evidence must show a causal relationship between the particular conditions in the home and imminent physical harm to the child. The existence of community or family poverty, isolation, single parenthood, age of the parent, crowded or inadequate housing, substance abuse, prenatal drug or alcohol exposure, mental illness, disability or special needs of the parent or child, or nonconforming social behavior does not by itself constitute imminent physical harm. | <p>Additional Shelter Care Hearing</p> | <p>RCW 13.34.065(1)(a) The court shall hold an additional shelter care hearing within 72 hours, excluding Saturdays, Sundays, and holidays if the child is removed from the care of a parent, guardian, or legal custodian at any time after an initial shelter care hearing under this section.</p> <p>RCW 13.34.065(7)(a)(i) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. The best interests of the child shall be the court's primary consideration in the review hearing.</p> <p><i>There IS NOT consensus as to whether the requirement for an additional Shelter Care Hearing under RCW 13.34.065(1)(a) applies when an ex parte order for removal is granted post-disposition and what legal standards for removal and placement decisions would apply at such a hearing (13.34.030 or 13.34.130). While there is not consensus about what standard applies when a child is removed from a parent after a dispositional hearing, there is general agreement that, if the Department intends to remove a child from a parent after dependency is established and the parent does not agree to the removal, the best practice is to have a hearing in court to address the removal as soon as is practical.</i></p> |

high-potency synthetic opioids and public health guidance from the department of health related to high-potency synthetic opioids, including fentanyl, when deciding whether a manifest danger exists.

RCW 13.34.030(15)

"High-potency synthetic opioid" means an unprescribed synthetic opioid classified as a schedule II controlled substance or controlled substance analog in chapter 69.50 RCW or by the pharmacy quality assurance commission in rule including, but not limited to, fentanyl.

RCW 13.34.130(10)

If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears **otherwise suitable and competent to provide care and treatment**, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from

| <p>Return Home</p> | <p>RCW 13.34.065(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:</p> <p>(i) After consideration of the specific services that have been provided, reasonable efforts have been made... The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.</p> <p><i>There IS consensus among system partners that if the child is placed in-home at disposition and was never removed, the 6-month minimum timeline DOES NOT apply. If the child is removed from the home (or remains out-of-home) at the dispositional hearing and a trial return home starts at a subsequent review hearing, the 6-month minimum DOES apply.</i></p> <p><i>Whether the 6-month minimum applies, dismissal is NOT required at the end of 6-months. The court shall asses the need for continued intervention</i></p> |
